BISHOP'S UNIVERSITY

CALL FOR PAPERS/COLLOQUIUM FOR FACULTY AND STUDENTS

**SPECIAL ISSUE - JOURNAL OF EASTERN TOWNSHIPS STUDIES/
REVUE D'ÉTUDES DES CANTONS-DE-L'EST (JETS/RECE)**

This is the call for papers for the 10th colloquium **Quebec Past and Present** to be held at Bishop's University on April 8 - 9, 2022. We invite researchers, academics and students from all disciplines in humanities and social sciences to contribute to this international and multidisciplinary conference. We are most interested in contributions from history, sociology, political science, public policy, linguistics, education, health, art and architecture. Paper proposals, in either official language, will be accepted from undergraduate/graduate students and faculty from all universities. We especially encourage faculty to identify and encourage talented students to submit a proposal for consideration.

The aim of this colloquium is to provide a forum, where the participants can share their research knowledge and ideas on Quebec's past, its recent trends, and map out the directions for its future. The colloquium will result in the publication of select edited scholarly essays in the **Journal of Eastern Townships Studies** (JETS). Proposals must present original research and essays must not have been previously published. Please note that publication preference will be given to papers that clearly demonstrate the relevance of their research to Quebec's Eastern Townships.

If you are interested in submitting a proposal, send your abstract (max. 300 words) and CV before January 18, 2022. Please submit your proposal to etrc@ubishops.ca

All submissions will be examined and individuals will be contacted no later than February 10, 2022 regarding their submission.

www.etc.ca/colloquium

This initiative is being sponsored by Bishop's University, the Eastern Townships Resource Centre, SUNY Plattsburgh, the United States Department of Education and the Québec Ministry of International Relations and la Francophonie.

For further details about the conference please contact us at etrc@ubishops.ca

The organizers of the colloquium acknowledge and will continue to monitor the challenges and uncertainties surrounding the course of the COVID-19 pandemic. We recognize the fact that many universities may prohibit again all professional travel, and of course many countries (including Canada and the United States) may restrict non-essential entry. Since we do not know how long this crisis and the resultant federal, provincial, state and local policies will last, we may have to proceed with scheduling changes. The most significant of these changes, should it materialize, will be to move our colloquium to a virtual or remote conferencing platform. Rest assured we will keep all participants informed of any program adjustments.

COLLOQUIUM ORGANIZERS

Christopher Kirkey, Ph.D.

Director, Institute on Québec Studies (IQS)
State University of New York (SUNY) College at Plattsburgh
Director, Eastern Townships Resource Center (ETRC)
